	Songs sometimes appear in more than one show but are counted only once. Opening choruses, overtures and finales are included in the count but reprises, entre'actes and unknown medleys are not. Songs included in some shows are unknown. A few listed may have been used as comic sketches but are counted as songs here. Jack's pop songs were sung in vaudeville shows but only Celebrity Vaudeville program is included here.		There is some doubt about authorship of 6 listed songs that are included in the count. It seems Jack also localised lyrics to 6 songs by international composers: 'Alabama Stomp', 'I'd Like to Find the Guy Who Wrote the Stein Song', 'How Deep is the Ocean', 'Land of Smiles', 'Petruschka' and 'Play Me an Old-fashioned Melody'. The 12 are included in the unpublished songs count.
